

BIG RIGS DELIVER THE GOODS

Trucks Carry Nearly Everything You Eat, Wear and Use

Up to
65'

Trucks haul more freight and travel more miles than any other mode of commercial transportation. In fact, 87 percent of Utah communities depend on trucks for their goods and materials, and the state has more trucks traveling through it than any other state in the country.

Average Semi Truck Dimensions

Height: 14' (measured from ground to top of truck or load)

Width: 8' 6"

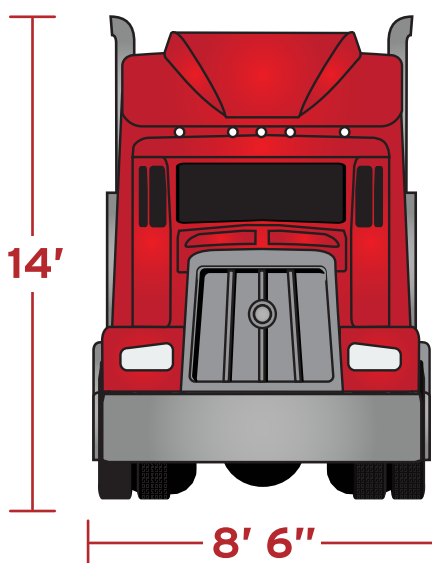

Length: Varies from 45' to 53' for a single trailer or up to 65' for a truck-trailer combination

CMV Drivers are Trained Drivers

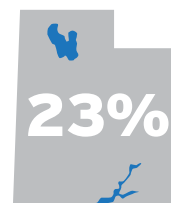

- Are 21 years old
- Have a valid commercial driver's license (CDL)
- Are physically qualified and carry a current medical certificate
- Have successfully completed a commercial motor vehicle (CMV) driver's road test and received certification
- Receive ongoing specific training provided by their trucking employer

DID YOU KNOW?

- Millions of trucks clear Utah Ports of Entry each year
- UDOT's Motor Carrier Division and Utah Highway Patrol complete on average over 34,000 roadside inspections on CMVs annually
- The truck speed limit is the same as for passenger vehicles unless posted otherwise
- All vehicles (commercial and non-commercial) with a gross vehicle weight rating over 12,000 lbs. may not operate in the left lanes of the freeway where posted

81 percent of all goods and materials produced in Utah are shipped by truck.

Trucks account for 23 percent of all traffic in Utah.
